

## Indiana Department of Environmental Management Office of Water Quality Wetlands Section

Publication Date: March 21, 2016

**Closing Date:** 

April 11, 2016

**PUBLIC NOTICE** 

**IDEM ID Number:** 2016-083-79-MBS-A

Corps of Engineers ID Number: Unknown

To all interested parties:

This letter shall serve as a formal notice of the receipt of an application for Section 401 Water Quality Certification by the Indiana Department of Environmental Management (IDEM). The purpose of the notice is to inform the public of active applications submitted for water quality certification under Section 401 of the Clean Water Act (33 U.S.C. § 1341) and to solicit comments and information on any impacts to water quality related to the proposed project. IDEM will evaluate whether the project complies with Indiana's water quality standards as set forth at 327 IAC 2.

1. Applicant:

City of West Lafayette 222 North Chauncy Avenue West Lafayette, Indiana 47906 2. Agent:

Parsons

101 West Ohio Street, Ste-2121 Indianapolis, Indiana 46204

3. Project location:

Section 30, Township 23 North, Range 4 West, Lafayette West U.S.G.S. Quad, Tippecanoe County Sections 13, 14, & 24, Township 23 North, Range 5 West, Lafayette West U.S.G.S. Quad, Tippecanoe County Impacts will occur at three locations near the intersection of State Street and US231, west of the Stadium Avenue and David Ross Road intersection, and west of the McCormick Road and Cherry Lane intersection.

4. Affected waterbody:

Todd's Creek, 0.0155-ac. of jurisdictional emergent wetland, and 0.0595-ac. of jurisdictional scrub shrub wetland

5. Project Description:

The applicant is proposing impacts to Waters of the State at the three above referenced locations near the Purdue University campus. Proposed filling activities are associated with roadway infrastructure improvements. Specific impacts at the State Street location will consist of filling 0.0015-acres of emergent wetland, extending an existing box culvert 40 linear feet over Todd's Creek, and relocating 321 linear feet of Todd's Creek approximately 20 feet to the north for the purpose of road widening. Impacts at the Stadium Avenue location will consist of extending an existing box culvert by 30 linear feet over Todd's Creek and relocating 28 linear feet of the stream approximately 5 feet to the south for the purpose of road widening. Impacts at the Cherry Lane location will consist of filling 0.014-acres of emergent wetland and 0.0595-acres of scrub shrub wetland for the purpose of a roundabout installation and road widening activity. For additional information please go to the following web address: <a href="http://www.in.gov/idem/6392.htm">http://www.in.gov/idem/6392.htm</a>

Comment period:

Any person or entity who wishes to submit comments or information relevant to the aforementioned project may do so by the closing date noted above. Only comments or information related to water quality or potential impacts of the project on water quality can be considered by IDEM in the water quality certification review process.

Public Hearing:

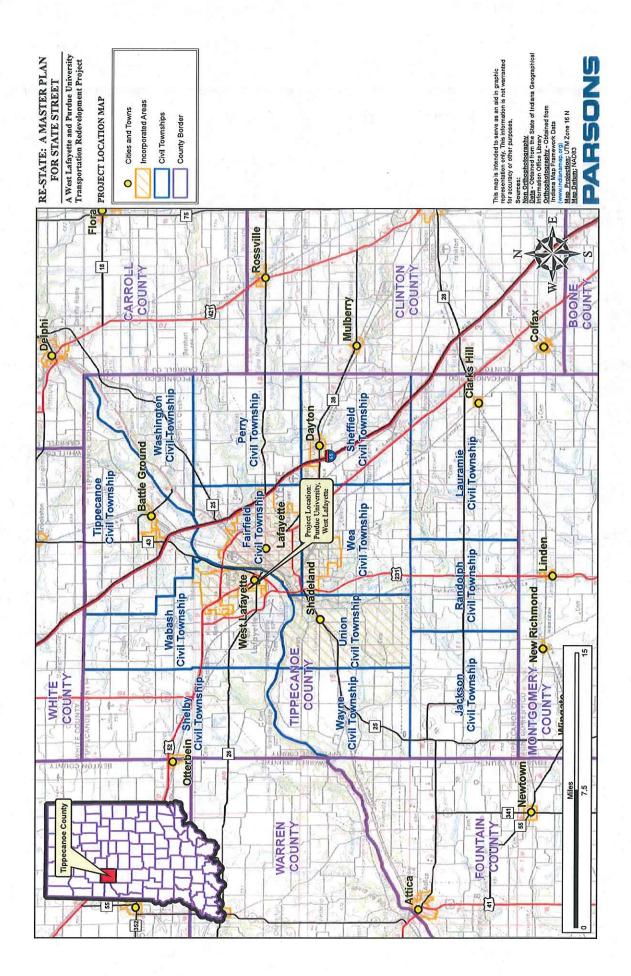

Any person may submit a written request that a public hearing be held to consider issues related to water quality in connection with the project detailed in this notice. The request for a hearing should be submitted within the comment period to be considered timely. The request should also state the reason for the public hearing as specifically as possible to assist IDEM in determining whether a public hearing is warranted.

Questions?

Additional information may be obtained from Mr. Matthew Smedley, Project Manager, by phone at 317-234-5647 or by e-mail at msmedley@idem.in.gov. Please address all correspondence to the project manager and reference the IDEM project identification number listed on this notice. Indicate if you wish to receive a copy of IDEM's final decision. Written comments and inquiries may be forwarded to -
